Pupil Voice – Meet the Team:

Welcome to our first edition of our Pupil Voice Newsletter. These will be released monthly, and will be written by different members of our pupil voice.

Clem:

Arius

Noah

What is your favourite thing about pupil voice?

"Talking to the other pupil voice about how to make the school better. I like to come up with ideas for pupil voice and present them."

I like talking about ideas to make our school better in the meeting. Being a part of Pupil Voice makes me feel proud and great.

I like the weekly meetings and helping make ideas. I also like going on the charity trips, giving them our donations and looking around their shop or place. I enjoy every bit of pupil voice!

What is one goal you have this year?

"To get better at cooking – I currently do cooking at home and would like to go into catering in the future. I am in my last year at Hillingdon Manor, so I am looking to further my studies in cooking."

To be better in maths
My dream job is a pilot and maybe a chef, or working in RAF

I would like to visit the funfair, or another school with pupil voice to collaborate.

First, I want Grace (the headteacher) to accept at least one of our plans, I'm also super competitive so I want to win the 100-word poem competition. Finally, next year I really hope I get into pupil voice again and win the Jack Petchey award.

Name a fun fact about you:

Last year, I completed my silver Duke of Edinburgh award. To accomplish this, I had to do overnight camping and hiking. This pushed me and I found it really difficult, but afterwards I felt really proud of myself for reaching the milestone.

I previously met a famous author.

I am talented at music and art, I am a scout member at the school, and also enjoy Pokémon

I love Pokémon! I started liking Pokémon a few years ago I fell in love with it and I played lots of the Video games, watch most of the anime, and I have a valuable Pokémon card collection at home! Also, here at Hillingdon Manor school I co created Pokémon club which is the one of the most successful clubs here!

Charity of the Month

CANCER SUPPORT UK

Pupil voice will be supporting Cancer Support UK for the month of March, in memory of our beloved staff member, Jemma Kerr.

Charity Support UK directly support individuals affected by cancer, during and after treatment.

They also offer resources to help people with cancer understand their journey better, including coping strategies.

How are we helping?

Our steps fundraiser!

Every pupil in the school will be having daily walks around the school, counting their steps.

This will be fundraised – please see below to donate:

March Charity – Cancer Support UK – Please see above for information.

Market Day – 26/03 – Pupil Voice will be raising for Meiting's marathon!

–Arius

School Improvements

On the 23rd of February 2026 Noah S, and Arius made a school improvement plan, and we had a meeting with Claire Stapleton and Dawid Deszkiewicz, the Deputy Headteachers, to pitch our plan.

Our school improvement suggestions are:

1. Outdoor gym – to promote fitness & wellbeing, and aid in movement breaks for students.
2. Import some new equipment to the adventure playground – refresh & expand our play area
3. Return of the therapy dog – it provided students with beneficial support in regulation.

Claire & Dawid liked our ideas, and instructed us to find a way to make it sustainable, and find specific equipment we can use!
